From time to time, NT Business Events (NTBE) conducts delegate surveying to assist with measuring the economic outcomes of conferences staged in the Northern Territory. Organisations who successfully apply to receive funding will be required to participate in delegate surveying if requested by NTBE.

Business Event case studies are used by NTBE to showcase and promote the calibre and type of events which can be successfully held in the destination. Funded events will be required to provide information for a case study if requested by NTBE.
